### 27. Sun. AUSTRALIA

Thank God for the profitable time they spent at the Katherine Christian Convention last month and pray with them for more openings for deputation & preaching appointments.

### 28. Mon. NEW ZEALAND

Ask the Lord for His continued enabling for **David & Glenis Maindonald**, now home in New Zealand. **Pray for them** as they settle back into the NZ community after being away for so many years and seek the Lord's leading for future ministry.

## Dwell on These Things

**"...I even found an altar with this inscription: TO AN UNKNOWN GOD. Now what you worship as something unknown I am going to proclaim to you." ....Acts 17:23**

**As he walks around Athens** Paul observes many altars, a clear indication of how religious the people of Athens were. Among these many altars to a whole pantheon of gods there is one bearing the inscription; "to an unknown god."

**Although he is provoked** (vs.16) by these many idols he finds in them a point of contact, an opening to proclaim the gospel.

**The unsatisfactory nature** of Athenian worship, needing so many gods to be appeased, left it in doubt whether some gods may have been overlooked. Their practice of trying to appease even an unknown god they may have offended, provides Paul with his text.

**Their self confessed ignorance**, conceding the existence of this unknown god points to the deficiency of their worship. They worship they know not what for worship requires a knowledge of the deity & his intervention in the affairs of men.

**Paul courteously proceeds** to proclaim this unknown "god" to them. He seeks not to offend

### 29. Tues. AUSTRALIA

Continue to uphold **John & Margaret Harvey** and their family for God's continued enabling and blessings as they serve Him. Pray for wisdom for John as he continues sourcing & pricing the needed components to bring the new IBF to completion. Pray too for the Lord's enabling for **Murray Graham**, as he manufactures various items required for the antenna systems.

### 30. Wed. JAPAN

Praise the Lord with **Kazuo Ozaki** (veteran HCJB Japanese broadcaster) and for his quick recovery from a recent operation. Last May they celebrated 46 years of broadcasting in the Japanese language from HCJB. Praise God too for the program **"Unshackled"**, a dramatization of true stories of conversion that Kazuo has translated into Japanese & is being broadcast into Japan. **Praise God for the many positive responses** to this program and continue to uphold **Kazuo** before the Lord.

without diluting the message. The times when the only true God overlooked their sinful ignorance is past. Now is the time for repentance. A day has been set when all people will be judged by the Man (he does not name Jesus but they would have undoubtedly heard him proclaiming Jesus on other occasions – vs.17) whom God raised from the dead. (vs.31,32)

**As we look across our broadcast area** not much has changed. Idol worship is prevalent & Christ is unknown. But we have the gospel, "the power of God unto salvation". Please help us to proclaim it!

**Thank you for your prayers & support without which the work & ministry of HCJB Australia could not go ahead.** **Wes Taylor.**

**EDUARD KLASSEN CONCERTS WILL BE HELD AT A NUMBER OF VENUES IN AUSTRALIA FROM JULY 23RD TO AUGUST 1ST. FOR DETAILS OF VENUES AND DATES, PLEASE SEE ADVERT IN THE JUNE EDITION OF HCJB'S VOICE & HANDS**

## PROGRESS AT THE BROADCAST FACILITY !!

**Although it's been the "Wet Season"** at Kununurra, a time when not a lot of people do a lot of "things", our team has been the exception to the rule and much has been accomplished.

**A planning week** with Peter Michalke, Stephen Sutherland & John Harvey last month, was extremely productive & they were able to finalise the positioning of the new antennas to be built this year, as well as completing a materials list of components, currently being sourced.

**Many of you will know** something of the "delicate" nature of some of our farm machinery. Over this wet season, we have serviced them and carried out some major repairs.

**Another job that has been done** is the conversion of our Mazda truck to add storage compartments for tools and a safety kit needed for out back. Repairs to roads and tracks washed out during the recent wet season were also done.

**Our priority for this "Dry Season"** is to erect 4 new towers, that will hold the 3 dipole antennas DP1, DP2, & DP3; then build and erect the three antennas. These antennas will replace our existing three antennas on Lot 579. Their new design will make them much stronger than the existing ones and less susceptible to damage. If there is time, we will also assemble and erect the "96 meter" LF curtain antenna.

**Latest praise point** is the approval of our building application for the 4 new towers. It came through in record time. Having gained this approval, it was decided to start digging some

**Digging Footings for Antenna Guy Wires**

of the 22 holes required for the guy anchors to see how the ground would work so soon after the Wet. The moisture still in the soil is a real bonus and digging is much easier, saving time and wear & tear on the backhoe.

**Not sure if all the 22 holes will be completed** in time, but we should get close. This would give us a great start on building and erecting the towers and antennas when the bulk of the volunteers start arriving this month.

**We are facing delays** in getting Native Title approval for easements for the power lines & emergency access roads. The application has been progressing much slower than expected.

**Much prayer needed please**, as this hurdle of Native Title approval must be overcome. Would you ask the Lord to remove any obstacles that are causing this delay, that we might proceed without any further hindrance.
