He is the First & the Last, the Omnipotent One. He will complete the good work He has begun in us. In His hands are "the keys of death & Hades". Even death holds no terror for us for He has conquered & lives for ever more & He has promised to never leave us or forsake us. Our strength, our perseverance, lies not in ourselves but in Him who is the First & the Last.

Hallelujah, what a Saviour! Let us not be ashamed to proclaim our Lord to the uttermost parts of the world.

Thank you for your prayers & support for the work & ministry of HCJB Australia. **Wes Taylor.**

Dwell on These Things !

"Do not be afraid. I am the First & the Last. I am the Living One; I was dead, & behold I am alive for ever & ever! And I hold the keys of death & Hades." Revelation 1:17b-18.

John's vision of the risen, glorified Christ is so overpowering that John falls at His feet "as though dead." The vision speaks of the might, power, holiness & omniscience of the Risen One.

Christ pledged His living presence to His people "to the very end of the age" (Mt.28:20). In his vision John sees Him, who "was dead" & lives "for ever & ever", standing amongst the churches He has called into being, exercising His love & care over them.

What great consolation there is in the words coming from the Saviour Himself. Can we wear the crown without bearing the cross? Is it not through much tribulation that we will enter the Kingdom of God? "Do not be afraid", says the Living One who lives for ever & ever, your fears are groundless.

STORY of THE MONTH !!

CROSSING BORDERS:

Taking the Gospel to people of Central Asia.

In Central Asia, a region where less than a quarter of 1% of the population are evangelical, practicing Christianity is strongly discouraged, but several organizations, including HCJB Global, are working together to take the gospel to people who have little knowledge of Christ.

While most countries in the region claim to have "religious freedom", pressures against Christianity have increased in recent years and it is becoming more and more difficult to proclaim the gospel.

Traditional forms of ministry such as preaching, teaching and literature distribution have become nearly impossible. The governments in some countries are not allowing new churches and tightening controls on those already existing. In addition there is a long-standing resistance to the gospel because people are convinced that to be a Christian means becoming "Western".

Before people in the region can believe in Jesus, they need to understand that it is OK to be a Central Asian & follow Christ at the same time. In spite of these challengers, HCJB Global and its partners are working to spread the gospel to the people through the use of at least 2 non-traditional ministry tools; radio & the internet.

It is impossible to place limitations on the radio waves and there is world wide access to the internet, so these forms of media have become vital for organizations that have a passion for reaching Central Asia with the Good News of Jesus Christ.

Reaching the unreached with the Gospel

Through various partnerships, HCJB Global is actively involved recording radio programs, installing FM transmitters where possible, running evangelistic web sites that enable two way communication with listeners and establishing recording studios for use by nationals. Radio scripts are written by local believers (not translations of programs aired in other countries). The focus is on reaching non-believers aged between 18 and 40 years.

With this focus in mind, local believers are working to create programs that stimulate the listener to think about Christ, who he is, and encourage growth & interaction with other believers.

This story is an edited version of an article that appeared in a recent edition of HCJB Global's Voice and Hands. Although specifically about the Central Asian Region, it is equally true of the ministry in the Asia/Pacific Region.
